*Afoot and light-hearted, I take to the open road,
Healthy, free, the world before me,
The long brown path before me, leading wherever
I choose.*

W. Whitman

Foreword

The class of '68 leaves Charles O. Dickerson High School behind, but never in memory, for high school is more than books and study. There are the games, the dances, the trips, the assemblies, those trying tests, library notices, and the shared experience of learning. High school is a place to meet your friends, to talk, to listen, and to discover—8th period, chemistry lab, noon hour, driver ed. and Mr. Tracy, art, music, debate, teachers who care, and electrical shop. One book could not encompass it all, but we of the yearbook staff hope that this year's TRU-CE will be at least a reminder of some of the things that T.C.S. is . . .

Dedication

It is not often that one finds a man who is a dedicated scientist, an enthusiastic and professional teacher, and a sympathetic advisor, but when these qualities do appear, this is a man well worth knowing and remembering. His teaching skill makes Biology a course of broad experience, for he is a teacher who more than teaches. He is not content with merely presenting material to his students, but works toward an appreciation and understanding of the complex nature of man and life. Since he began his teaching career at Trumansburg in 1955, he has compiled over 50 graduate hours in laboratory, been extremely active in coordinating the school's wide science curriculum and pioneered in the use of audio-visual materials, in order to make the study of science a rewarding and worthwhile experience for every student at T.C.S. Charles O. Dickerson H.S. is proud to have such a man on the faculty and a part of the making of what T.C.S. is. In recognition the Class of '68 dedicates this TRU-CE to Charles Hoagland.

The page features a minimalist abstract design. A large rectangle is defined by a double-line border. Several thin, straight lines intersect this rectangle and the page at various angles, creating a complex geometric pattern. The word "SENIORS" is printed in a bold, black, serif font, centered horizontally within the lower half of the double-lined rectangle.

Student Council

The past year under President David Keith and Vice President Mary Farrell the Student Council has carried on an active campaign to raise money for the football scoreboard fund: a strawberry festival was held in July; they promoted Free Press sales; and sponsored a donkey basketball game. Other projects included the formation of a student-faculty committee, a very successful dance, and the sale of school bookcovers.

TRU-CE Staff

Work on this year's TRU-CE began early last summer, with the setting of preliminary designs. As soon as school started, TRU-CE staffers began a campaign to sell ads and book subscriptions. Through the following months many long hours were spent in preparing the yearbook for production: layouts, picture taking, writing, and collecting endless material. The staff is justly proud of their accomplishment, the 1968 TRU-CE.

Thespian membership is awarded on the accumulation of fifteen credits which are attained on the basis of individual contribution to the spring and fall productions. With each initiation the Thespians entertain the entire school with an assembly program of special dramatic shorts or presentations of an original work. Highlight of the year is the annual trip to the Alfred Drama Festival, where in the presentation of the musical feature they have always been well received.

It is the French Club's goal to make the students at T.C.S. and the community more aware of their French inheritance and to stimulate interest in that country, which is one of the major powers in today's world. Among their variety of activities and programs on French culture was a December French song fest as the group went Christmas caroling in French, of course.

The Junior Classical League maintains that the greatest value which comes from the study of Latin is not just the learning to read and to speak it, but also that this study brings one into contact with and hopefully some understanding of the customs, thoughts, and achievements of another culture. In pursuit of this aim, one of the JCL's major activities is the sponsorship of an annual Latin banquet, where the food is prepared and eaten in the Roman style.

Library Club

The Library Club is one of the few organizations in the school which renders continuous service to T.C.S. Mixing business with pleasure they visited a library in Buffalo and have had several social get-togethers. The club because of its many opportunities has earned high recommendations.

Future Homemakers

The F.H.A. is an important part in the preparation of many high school girls in becoming better homemakers. The club accomplishes its goals by attending home-making rallies, having guest speakers, conferences and through actual experience. The club helps each girl to better understand her future role as a homemaker.

SCOPE sponsored a current events bulletin board and several debates during its initial year.

The Varsity Club, always in the past engaged in the support of our sports program, was doubly so this year. In December, in a special assembly and pep rally, the club presented monogrammed blazers to each of the teachers on the TCS coaching staff. The members also supply thirsty and hungry attendants at games and dances with refreshments, a service greatly appreciated by all.

They thought the snow would never come! But, winter came through to supply enough snow to keep any "Ski Bug" happy. Off to an enthusiastic start, the Ski Club held sales of homemade apple cider and baked goods to raise money for their winter excursions. When the snow finally came there were waxing parties and weekend trips to Greek Peak, providing great fun for all.

“Scribblings”

The staff of Scribblings, the school literary magazine, is comprised of Juniors and Seniors who are responsible for all of the magazine's production: selection of copy, layout, typing, art work, finance, and printing. Each of the departments solicit their own materials—short stories, essays, humor and poetry. A school wide contest was held to pick the title, and then a bake-sale-on-wheels and a lollypop day were held to raise funds. The publication is due to appear in May and promises to provide a wide range of stimulating literary entertainment.

Cheerleaders

Never doing anything half-heartedly, which is why they are cheerleaders, the girls on the Varsity and J.V. squads went all out this year to stir up school spirit and attendance at sports events. They held a football player recognition week, slogan contests, and had huge posters up before every game, not to mention the time and effort that went into preparing their great cheers.

An abstract geometric design featuring a large rectangle with a double-line border. Inside, several thin lines intersect: a diagonal line from the top-left to the bottom-right, and two curved lines that resemble stylized 'S' or 'Z' shapes. The word "ADVERTISEMENTS" is printed in a bold, black, sans-serif font, tilted at an angle that follows the path of the diagonal line.

Donna,

I can see you, after many years looking at my picture and laughing "I remember her" you'd say and might add something like "I can remember when we were best friends and field day in 8th grade. That sure was fun - even though we ~~are~~ were just little tiny boppers" then you'd carefully put this aged yearbook away just as memory's. I'll always remember ~~th~~ my eighth grade year - I guess I've changed in many ways - we all have. Well I guess I've ~~g~~ used up enough of this page - filling it with things likely to be in the future. Good Luck - I know you'll make cheerleading next year.

Love ya

Greg
